Navigating your homepage

Wherever you are in the portal, a set of icons stays at the top of your screen. Here's what they mean and where they take you.

HOME

Wherever you are in the portal, a set of icons stays at the top of your screen.

ILLUSTRATION

Click here to produce a quick standalone illustration for your customer(s). This doesn't conduct a credit search and only takes a couple of minutes.

DIP

Here you can complete a Decision in Principle (DIP). This only leaves a soft footprint on your customer's credit profile and gives you an instant decision.

DOCUMENTS

This takes you to a menu of criteria guides and documentation you'll need for your customer's application.

CASE SEARCH

Quickly find a previous or ongoing application here. Enter an item of search criteria and hit 'search'.

PRODUCTS

This takes you to a list of all our available products.

USER PROFILE

Manage your account here. You can change your password, address, contact details and submission route.

Setting up your preferred submission routes

If you're not part of a network you need to set up your Packager or Club submission routes before you can submit business.

When submitting an application we will ask which club should apply for that application, in order to pay the procurement fee correctly. There is no need to complete this section if the fees go via a Packager or Network.

1. Log in with the username and password you created when you registered, and accept the Terms of Business.

2. Go to 'user profile' in the main menu bar.

3. Select 'add or remove submission routes'.
N.B. You can also change other account details from here.

4. The left column shows a list of the Clubs and Packagers we partner with. Click to select as many of these as you have a relationship with, then move them to your list with the arrow buttons in the middle.

When submitting an application we will ask which club should apply for that application, in order to pay the procurement fee correctly. There is no need to complete this section if the fees go via a Packager or Network.

5. When you've finished, re-enter your password to confirm your changes.

Producing an Illustration

You can produce multiple illustrations based on your client's loan requirements before you submit a DIP. We don't run credit searches on illustrations, so our whole product range is available to you at this stage. The products offered at DIP may be different from the ones you choose here.

1. Applicant and loan type

The first page asks for some basic details about the structure of the application and how the applicant(s) are classified. The navigation bar on the left keeps track of where you're up to.

N.B. It is not possible to save incomplete illustrations.

2. Submission details

The question 'What kind of sale is this?', will appear if you have stated the applicants are either 'High Net Worth' or 'Professional' customers on the previous page, in which case, if confirmed, we would allow an execution only sale.

Please select a Mortgage Club unless your procurement fee is being paid through a Packager or Network.

3. Loan details

Enter the basic details of the application and, if applicable, add any fees you are charging to your customer(s).

Producing an Illustration (cont.)

4. Product selection

On the products page, you initially see all the products we currently offer. To filter them, select the range that best suits your customer from the 'product category' list and hit 'find products'. This filters the list to the products available in that range.

7. Illustration summary

This screen shows the summary for your illustration, and also details the applicable fees for the product chosen. From here you can view your illustration, proceed to DIP, or select a new product. You can produce another illustration if you want to, this won't overwrite the one you have just completed, and will appear in your illustrations summary with the same three options next to it.

Producing a Decision in Principle

To start a DIP, select 'DIP' at the top of any page or, choose an existing illustration to progress. If you progress to a DIP from a saved illustration, the details you've already entered will be copied over. Please ensure these details are correct once transferred over.

Then follow the below steps to complete your DIP:

1. Prerequisite questions

A series of eligibility questions about your customer(s), and declaration about Pepper Money's terms of business for you to confirm. You will be asked to complete this each time you amend the DIP.

2. Applicant and loan type

Enter the basic details about the structure of the application, how the applicant(s) are classified and how the sale was made.

3. Submission details

As in the illustration, we need to know if you're submitting through one of our partner clubs. Please select a Mortgage Club unless your procuration fee is being paid through a Packager or Network.

4. Loan details

Here you enter more specific loan information relating to the application.

Producing a Decision in Principle (continued)

5. Applicant details

Here you enter information relating to the applicant(s) including 3 year address history, employment, commitments and any properties they currently own.

6. Household expenditure

For residential applications you need to complete the household expenditure. If you would like to know how Pepper Money defines these, simply click on the  icon.

7. Property details

If your customer(s) application is a remortgage, you need to enter the property details. If not, entering the details into the DIP is optional, depending on whether you have the information to hand and whether your customer(s) have found a property.

8. Declaration and decision

The decision runs after you accept the declaration.

- A decision should be returned almost instantly
- If your application is an 'accept' you'll be able to pick a product and carry straight on

If your application fails for affordability, the decision shows you the maximum you can borrow with fees added. To reduce the loan, navigate back to the 'loan details' screen using the menu on the left.

9. Fees

Once you've picked a product, choose how the Completion Fee and the Funds Transfer Fee are to be paid. These can be either added or deducted from the loan.

N.B. If you are at the maximum loan to value we offer, you can only deduct the fees; the add option will be greyed out.

Click next to continue to the Application Summary.

First Homes Purchase

When submitting a First Homes DIP, you will be required to submit the case differently to a standard Residential mortgage. Begin by selecting 'DIP' at the top of any page as per the Decision in Principle process noted on page 8.

Loan details

Here you will need to enter more specific information relating to the First Homes application. To begin, you will need to select 'Yes' against First Time Buyer.

LOAN DETAILS

1. Scheme

You will be required to select 'Yes' to Discounted Purchase Price Scheme.

2. Scheme Name

You will be required to confirm 'First Homes' as the scheme name.

3. Discounted Purchase Price

You will be required to input Discounted Purchase Price (the price that the customer will be purchasing the property for, minus the discount).

4. Open Market Value

You will be required to input the Open Market Value (full price of the property, including the discount).

From here you can:

- Download the documents you'll need to provide to your customer(s)
- Upload the documents we require to process the application
- See a snap shot of the application details and fees
- Send us secure messages
- Track the progress of the application

You can minimise or maximise any of the panels by clicking the plus and minus icons.

Full Mortgage Application

Once you've submitted a DIP you'll be able to proceed to Full Mortgage Application. This will ask for extra information that we've not already collected. Nothing too stressful. Any fee(s) payable (such as the valuation fees) will be collected at the end of the application so please have a payment card ready.

Documents produced for you

The documents section is where you'll find documents that you need to requirements give your customer(s) or keep for your own compliance.

At the right stage, the Valuation Report and Mortgage Offer will be available here.

Uploading application requirements

This is a list of what we need from you to assess an application. The application requirements are provided at the end of the Decision in Principle decision, based on the information you provided. This gives you time to collate all of the documents so you can upload at the same time as you submit the application.

To supply an item:

1. Click 'upload'

APPLICATION REQUIREMENTS					
Checklist item	Owner	Type	Status	Date Satisfied	
Proof of Residency for Applicant 1 27/09/17 15:49	Broker	PreOffer	Active		Upload
Proof of Income for Applicant 1 27/09/17 15:49	Broker	PreOffer	Active		Upload
Proof of Deposit 27/09/17 15:49	Broker	PreOffer	Active		Upload

2. Select a document and document sub type. We can accept PDF, DOC, DOCX, and TIF files; the maximum file size is 10Mb. Additionally file names should not contain special characters (such as a hyphen or full stop).

DOCUMENT UPLOAD	
Document type *	Select ▼
Document sub type *	▼
Document *	Choose File No file chosen
Document description	<input type="text"/>

Sending a message

You can send us a message any time in the messages section. This is the easiest way of getting in touch with us if you have any questions relating to the process.

The screenshot shows a form titled 'ADD NOTE'. It has a 'Subject' field with a text input box. Below it is a 'Message:' label followed by a large text area for writing the message. At the bottom of the form, there is a checkbox labeled 'Is important?'.

We'll respond in the same way and send you an email to let you know when we have.

Instructing a valuation

We'll instruct the valuation once we've received and reviewed all the important documents we need for underwriting.

The screenshot shows a form titled 'VALUATION INSTRUCTION'. On the left, there is a sidebar with three menu items: 'Valuation Instruction' (selected), 'Generating Documents', and 'Application Summary'. The main content area has a 'Valuation type' dropdown menu set to 'Mortgage Valua...'. Below this is a section titled 'VALUATION DECLARATION' containing the following text:

- By submitting this valuation instruction you are confirming that the applicant understands:
 - the valuation is undertaken for the benefit of Pepper UK Limited (Pepper) only;
 - neither Pepper nor the Valuer are under any liability of any basis to the applicant in relation to the mortgage valuation report;
 - if a copy of a valuation report is provided to the applicants it is for information purposes only and they should not rely on it in any way to make a decision about the purchase or value of a property.

 Below the text is a checkbox labeled 'Accept declaration' which is checked. At the bottom of the form, there are two red buttons: 'CANCEL' and 'REQUEST'.

However, you'll have the option to instruct the valuation yourself once we've conducted an initial review of your application (we'll let you know via email).

The option to do so will be in the 'proceed options' section once the status of the application reaches 'application reviewed'.
